

CITRUSPERSE

FLOATING LIFT STATION DEGREASER

- * Floats on surface, rising and falling with the water preventing grease build-up on walls.
- * Easy to feed liquid product
- * Won't inhibit BOD or ODL when used as directed
- * Contains no acids or alkalis, safe to use on concrete or steel wet wells, 100% BioDegradable
- * Effective over a Wide pH Range
- * Can use year around, will not freeze
- * Product can be blended with or without emulsifiers upon request

DESCRIPTION: CITRUSPERSE provides insitu cleaning of grease, fat, surface scum, and oils (FOG) in lift stations, grease traps and septic tanks.

SOLUTION PREPARATION: CITRUSPERSE can be poured directly into any lift station, grease trap or septic tank with no dilution.

SAFETY HANDLING AND STORAGE: Avoid direct contact with skin and eyes. Personnel handling product should wear protective clothing and goggles. Spilled product should be contained and residues flushed with water. Major spills should be pumped into plastic containers. Keep away from heat and open flame. Do not cut container with torch as explosion could occur. As with all chemicals, Material Safety Data information should be consulted.

TYPICAL PROPERTIES:

- | | |
|------------------------------|--|
| * Specific Gravity: 0.85 | * Solubility in Water: Insoluble |
| * Storage Temp: 115° F- 5° F | * Physical Form: Amber liquid, citrus odor |
| * Boiling Point: >313° F | * Freezing Point: Not determined |

PACKAGING: CITRUSPERSE is packaged in Quart, Gallon, 5 Gallon, 30 Gallon, 55 Gallon, 275 Gallon Tote, Bulk.

DOSING: Contact your S4 Water representative for dosing instructions.
